- On Vote #5 – it is only approved for this “jersey cycle” since the sponsorship logos were done before any prior approval – any sponsorship logos after this season must be approved by the board prior to any jersey changes – this also includes DASC logos
- Changes to logo approvals:
 - o Any money that a team is receiving from sponsors needs to let the DASC board know
 - o Any team that registers with a bank (?) for an IEN – but is DASC associated needs to let the board know

- Going forward the DASC board must approve any team sponsorships -especially with logos being placed on team jerseys
